THE DIVERSITY CORNER

World day of prayer for the Care of Creation- This day was established in 2015 by Pope Francis. This day gives us the opportunity to focus on our responsibility to care for and protect the environment. It gives us the chance to reflect on the impact of human activities on the earth and to promote sustainable practices.

Feast of Gregory the Great- His achievements had a widespread effect, but Gregory became a saint because of his love for God, which was reflected in everything that he did.

Labor Day- Observed the first Monday in September, Labor Day is an annual celebration of the social and economic achievements of American workers. The holiday is rooted in the late nineteenth century, when labor activists pushed for a federal holiday to recognize the many contributions workers have made to America’s strength, prosperity, and well-being.

Feast of Mother Teresa of Calcutta- (August 26 1910 – September 5 1997), Mother Teresa, was an Albanian-Indian Catholic nun and the founder of the Missionaries of Charity. This religious congregation grew to have over 4,500 nuns across 133 countries by the year of 2012. This congregation manages homes for people living with HIV/AIDS, leprosy, and tuberculosis. The congregation also runs soup kitchens, dispensaries, mobile clinics, children's and family counselling programs, as well as orphanages and schools.
