

St. Margaret of Scotland School Student Diversity Committee

We at SMOS are happy to announce the launching of our Student Diversity Committee. WE believe the children are the future!

Why Create a Student Diversity Committee?

Creating a student diversity committee can bring new perspectives and ideas to the table, leading to better problem-solving and decision-making. A Student Diversity Committee can help foster an environment where all students feel comfortable sharing their ideas and opinions, leading to better collaboration and productivity.

Benefits of being a part of the student diversity committee

Becoming a member of this committee allows the student the opportunity to become a student ambassador and to represent SMOS. Students will actively contribute to promote inclusivity and help create a welcoming environment for students of diverse backgrounds. This can enrich personal growth and the ability to connect with others. Being a part of this committee will help the students develop leadership skills and it will give the students the opportunity to collaborate with others.
